## Action report on the feedback analysis .

A meeting for feedback analysis was held on December 2023 with all the heads of departments in the Chairmanship of principal through collecting feedback form in offline mode and discuss on it. It was decided to manage online feedback system through college website. It was decided that more and more student participants should be motivated to give their feedback on 'Teaching – learning evaluation process' being followed in the College. It was decided that all the data relating to admission, marks of internal assessment and vital information of the students are secure in the systems. Employees are a click away from getting information about students whenever they need it. It was also decided to increase the frequency of group discussion, debates, quiz and etc. It was decided that the acute number of smart classroom is dearth in the college so, the college administration manage more and more smart classrooms in college so that in modern age, we provide the education based on modern technique for our students.
